

MEMO FOR DCI

8 Jan 80

OK 1. Still in a holding pattern for your calls on the President and Vice President -- all others on your projected schedule.

OK 2. Do you want a call on Dr Brzezinski?

☒ Yes
☐ No

OK 3. You had mentioned you wanted to go to work on January 20th at your office at the Navy Yard. The 20th, Inauguration Day, is a federal holiday and the Navy Archives (where your office is located) is closed and there is no duty officer. Since the area is vaulted and we will not have access to the combination I guess that's out on the 20th. I'm available of course if you want to work at your house -- or I can arrange something here at the Agency if you wish.

STAT OK 4. Just a heads-up -- [redacted] called me and said she had decided not to offer a lunch with you as a charity raffle prize (said it was an imposition on your friendship). She told me she wanted to call you at home and tell you herself -- act surprised!

STAT OK [redacted] No 6. ADM Monroe says welcome back and he looks forward to a renewal of combat on Tuesday, 13 Jan.
